## SPP Flag Ambassador Ready to Pass the Torch *by Tom Dornak*

For the past 3 years the SPP US flag flying duties were managed by **Jim Worthing** of Richelieu Lane. Jim has informed the SPP Civic Club that he is ready to retire from these duties in November after flying of flags for Veterans Day on November 11. Jim has done a remarkable job as SPP Flag Ambassador and has a genuine interest in making sure a responsible resident will step up to accept this service with pride. There are 126 flags that get placed on street light poles in our neighborhood four times a year in remembrance of Memorial Day, September 11<sup>th</sup>, and Veterans Day as well as celebrating Flag Day and Independence Day.

Anyone interested in stepping up to become our next Flag Ambassador please contact an SPP Civic Club member.

### Duties of this service are as follows:

- Serve as lead role in performing flag hanging, retrieval, and storage. This includes recruiting assistants which hasn't been a problem so far.
- Preferably have a pickup truck as the current operation uses a pickup along with a rig for providing elevation to hang and retrieve flags. Rig for elevation will be donated by **Jim Worthing**. This method takes two hours for hanging of all flags. Alternatives to using this method is using step ladders, manually set up at each location, but would take longer.
- Hang and retrieve flags approx four times per year; (1.) Memorial Day through Flag Day, (2.) Independence Day, (3.) 9/11 Remembrance, and (4.) Veterans Day.
- Responsible for storing flags at SPP storage location or one's own residence if desired.
- Have a genuine interest in safety.

Perhaps a retired resident would love to serve in this capacity, though anyone with available time is needed. Our next Flag Ambassador will have the support of the Civic Club Board in providing assistance. So please consider today.

## GET READY, GET SET, DECORATE!

Fall Decoration Judging will take place on Sunday, **November 13**. The categories are:

- Best Scarecrow(s) (1st and 2nd)
- Best Décor (1st and 2nd) and
- Most Original (1st and 2nd)

Those who are decorating with pumpkins and hay bales can contact **Chuck Blesener** at [ccbles77@gmail.com](mailto:ccbles77@gmail.com) or 713-683-9945 to pick them up when they are finished with them. He will take the pumpkins to the food pantry and recycle the hay bales at his farm.

lookout, a little smarter and less involved. Guy #4 is the boss who puts it all together, usually around the corner or in the car, the get-away driver. You can have all four jobs in a single body if there is a single robber, or if there is more than four they are usually going to rob a store, bank, or drug house.

If you are a victim don't be a hero, do what is asked—except—do not get in the car with them if asked to do so—especially if you are a woman. Most crime is committed in the evening and early morning hours. Do not stop to get gas at night and try and do your shopping during the day. If you are being followed, don't drive home. Drive to a police or fire station or other well lit area with a lot of people around. Remember there is a storefront police station in the Ross shopping center on 43rd. Use your cell phone to call for help. Businessmen should use all available technologies in their stores, not carry a lot of cash, vary their banking routine, and not always use the commercial banking lane.

Recent changes in state laws have extended the Castle Doctrine to your car. You can now carry a gun in your vehicle even without a concealed handgun permit. A gun is an insurance policy that you hope to never use, but if you do, remember that the bullet has your name on it and you are responsible for it all the way to its final destination. If you are pulled over by a police officer, be sure to let him know that you have a weapon in the vehicle or in your purse, and be sure you do not take that weapon into prohibited places.

**Get the Lowdown on Armed Robberies**

By Chuck Blesener

Sgt. Defee with the HPD Robbery Division says that there is much misinformation in the news. Their 92 investigators try and solve the 1,600 robberies per month, but the good news is that number was 2,500 per month just ten years ago. The recent trend is that more robberies are taking place in the home, making them more personal and dangerous. Two thirds of all robberies are of individuals with the balance against businesses. The need for money to purchase illegal drugs fuels most robberies.

The typical robber is under 25, from the drug culture and a disadvantaged home, and proud of his body tattoos. A normal bandit team is four guys covered in tattoos, driving around in a car looking for victims from who they can easily steal money or property. They are divided into four jobs – guy #1 is the youngest and dumbest, the ground guy with a gun who robs you. Guy #2 is the back up and helps guy #1 if you resist or run. Guy #3 is the

**Gardening Tip of the Month:**

Fall is the traditional time we see beautiful mums in plantings and pots everywhere. These flowers, as well as carnations and petunias, prefer neutral soil. To raise potting soil alkalinity, apply a solution of 4 tablespoons baking soda to 1 quart of water, and use sparingly. By contrast, geraniums, begonias, hydrangeas, and other

flowers that prefer alkaline soil should be watered occasionally with a solution of 3 tablespoons baking soda to 1 quart of water. If you plan to grow winter tomatoes, sprinkle baking soda lightly around the tomato plant base. This will sweeten the tomatoes by lowering soil acidity.

## Fight Auto Theft with Awareness

By Chuck Blesener

**HIDELOCKTAKE.com**. Since the launch of the Hide Lock Take program in 2001, vehicle related crimes have slowly decreased. Being aware of your belongings and locking your car has kept criminals away. Help keep our neighborhood safe and remember these steps: HIDE your things, LOCK your car, TAKE your keys. When possible, AVOID LEAVING YOUR CAR PARKED ON THE STREET.

Did you know?

- It's illegal to leave your car running unattended.
- 80% of auto thefts occur when keys are left in the car.
- Criminals will sometimes watch a car for days before acting.
- Criminals look for shopping bags, electronics, and purses.
- Most cars can be opened in 3 minutes with a coat hanger.
- A thief can break a window and steal your valuables in less than 15 seconds.

## What's Happening Around Houston

by Carol Jean Hebert

**Wabash Antiques & Feed Store:** A little bit of country in the heart of the city.

Wabash Antiques and Feed Store (or Washington Avenue Bric-a-brac, Antiques, Sundries, and Hardware, as it was known in its early days) is a Houston institution. For over a hundred years, Wabash has been helping this city grow, supplying feed, seed, and farming supplies to early settlers and today's backyard gardeners alike. While Houston has grown and changed around them, they have kept the traditions which Wabash has stood for since the beginning while giving them a modern twist. You can see this spirit of updated tradition in their selection of organic solutions, their rustic imported antiques, and their knowledgeable, friendly staff.

While it's true they are a feed store, they are much more than that. They are a hardware store, a pet shop, an organic herb garden and an antique market. They are the only place in Houston where you can find holistic pet treatments, vegetable and native plants, natural pet foods, bird feeders, fertilizer, an enormous selection of farm poultry and cold beer under one barn roof. They are a rustic paradise, right in the heart of Houston. They are a piece of the past which you can visit in the present. They are a little bit of the country in the heart of the city. Wabash is waiting for your visit.
